

Watchguard WIRELESS ALARM SYSTEMS

SENTINEL

Entry Level Wireless Alarm System

Designed for use in a residential setting where the owner desires a basic security system without external monitoring.

WGSENTINEL Includes:

- 2 x Remote controls to arm / disarm the alarm and panic function
- 1 x Wireless PIR sensor to detect movement up to 12m
- 1 x Powerful outdoor siren and strobe to deter intruders
- 4 x Warning stickers

4 YEAR WARRANTY

WATCHGUARD

Wireless Burglar Alarm System

A Complete stand-alone security system, if the alarm is triggered, both the external and internal sirens will sound to repel intruders.

WGUARD Includes:

- 2 x Wireless passive infrared sensor to detect movement up to 12m
- 2 x Remote controls to arm/disarm the alarm and panic function
- Backup battery & mains power adaptor
- Powerful external siren with flashing blue strobe
- High frequency internal siren to repel intruders
- 4 x Warning stickers

4 YEAR WARRANTY

DIGITAL

Central Station Monitored Wireless Alarm

A professional grade monitored security system. If the alarm is triggered, the communication dialer will transmit the detailed alarm activation data (Contact ID Format) via phone line to your monitoring centre for appropriate response action to be taken.

WGDIGITAL Includes:

- 1 x Main control unit - communication dialer
- 2 x Wireless movement sensors - designed to detect the body movement of an intruder inside your premises.
- 2 x Remote controls to arm/disarm the alarm and panic function
- 1 x Power supply & phone connection lead

CONTACT ID SECURITY DIALLER

4 YEAR WARRANTY

SMS2010

Wireless Burglar Alarm System with SMS Alerts Direct to Your Mobile

The Watchguard SMS 2010 alarm module communicates to your mobile phone via GSM. When triggered, the module sends a detailed SMS of the reported alarm to your designated mobile(s). Ideal for caravans, boats, building sites etc. or anywhere where a portable, self-monitored alarm is required.

WGSMS2010 Includes:

- 1 x 8 Zone alarm unit & built-in quad band GSM modem
- 2 x Wireless PIR movement sensors
- 2 x 2 Button code Hopping remote controls
- 1 x 12V DC power supply for the alarm unit
- 1 x Compact external siren with strobe
- 4 x Warning stickers

Watchguard WIRELESS ALARM ACCESSORIES

Wireless PIR Sensor PIRW3

- Dual Edge™ PIR Sensor Technology
- 12m detection range
- Swivel bracket for easy installation
- 1 x CR2450 lithium battery

Wireless Reed Switch WREEDI

- Used on doors and windows
- In-built terminals - use as universal transmitter
- 1 x CR2450 lithium battery

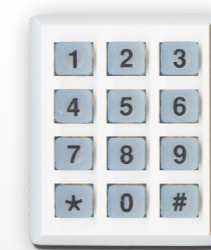

Wireless Smoke Detector SMODETW

- Gas Ionisation type
- In-built piezo siren
- 9 volt alkaline battery
- Audible low battery warning

Personal Emergency Panic Pendant Wpanic

- For elderly or less able-bodied
- Splashproof large easy push button
- Nylon lanyard included

Wireless Mini Keypad WKP

- Arm/disarm alarm & panic functions
- Backlit rubber buttons
- Only 45mm x 55mm
- Code Hopping Technology

Large Wireless Keypad WKPL

- Arming & disarming via PIN number
- Backlit plastic buttons
- User programmable 4-digit PIN code
- Low battery indicator

WGAP864KIT Includes:

- 1 x 8 Zone Alarm Control Panel with LCD Keypad
- 1 x Outdoor Siren/Strobe
- 3 x High Quality PIR Sensors
- 1 x Indoor "Top Hat" Piezo Siren
- 4 x Surface Reed Switches for Doors or Windows
- 1 x Emergency Panic Button
- 1 x 7Ah Lead Acid Backup Battery
- 1 x 100M of 4 Core Alarm Cable
- 1 x 16VAC Power Supply

PANEL EXPANSION MODULES

8 Zone Plug-in Expander

WGAP864EXP816

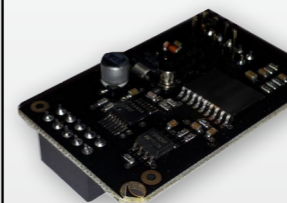

- Plugs in directly to expand from 8 to 16 zones
- 8 wired end-of-line supervised zone inputs

8 Zone Expander for 16+ Zone Expansion

WGAP864EXP1664

- 8 zone expansion per unit / up to 64 zones
- Plugs in directly to expand beyond 16 zones
- 8 wired end-of-line supervised zone inputs

Alarm Voice Module Expansion

WGAPX64VM

- Sends alarm voice messages
- Remote bidirectional DTMF control
- Allows arm, disarm, bypass, output triggering, siren cancelling and alarm monitoring
- Selectable reporting for all events with user intervention

HARDWIRED ALARM ACCESSORIES

Universal Movement Sensor With Dual Technology

PIRHWDT

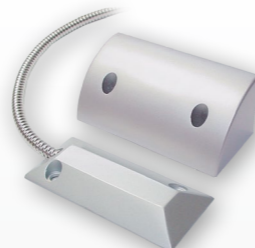

- Dual Technology
- Pet immune PIR detector
- Detect movement up to 12m
- Auto temperature compensation
- N.O. or N.C. alarm outputs

Universal Movement Sensor With Triple Technology

PIRHWT

- Triple technology detector
- Detect movement up to 12m
- N.O. or N.C. alarm outputs
- Adjustable microwave sensor with auto temperature compensation

Roller Shutter Reed Switch

DRSR

- Strong heavy duty cast housing
- Termination contacts via a stainless steel flexible conduit
- N/C contacts

Large Surface Mount Reed Switch

DSRLW

- Industry standard
- N/C contacts with solder terminals
- Dim: 90 x 13 x 12mm

Hardwired Photoelectric Smoke Detector

SMODET15P

- Infrared Photoelectric Diode
- Dust and insect proof
- Detection Range 20m Sq
- 12V DC

Compact External Siren With Strobe

W24SIREN

- 115dB external siren
- Integrated blue strobe light
- Piezo siren & tamper switch
- 12V power

2 Channel Transmitter / Receiver Set 433.92 MHz

RCX

- Transmitter range up to 300m
- 1 second negative outputs
- Ideal for garage door, home alarm system, or your electric gate

4 Channel Transmitter / Receiver Set - 433.92 MHz

RXPOR4

- Transmitter range up to 200m
- All outputs are individually programmable
- Ideal for garage door, home alarm system, or your electric gate
